Membership Data

Of the 776 fire departments throughout Minnesota, Minnesota State Fire Chiefs Association (MSFCA) has representation in 406 (52%) of those departments. There are nearly 1,700 total active and retired volunteer, combination, career and affiliated members of MSFCA.

Over 20% of members are Command Level Officers; 55% are Line Officer and Associate members, 12% are Retired/Lifetime/Honorary members; another 12% subscribe just to receive the MSFCA publications and the remaining are comprised of Sustaining members and other State associates.

Sustaining Membership

Sustaining membership is available to corporations, companies, partnerships and any other organization in the fire equipment, prevention, suppression, detection, business and any other business organization interested in better fire protection.

Companies who enter into the Sponsorship Program are granted Sustaining member status in MSFCA. If not interested in the Sponsorship Program packages, a company may still wish to become a Sustaining member (\$200 annually) to obtain the 20% member discount on advertisements and exhibits for MSFCA events.

Exclusive Sponsor Benefits

MSFCA does not offer website advertising, but it does showcase the generosity of the 1- to 5- Bugle Sponsors in a variety of ways. There's a sponsor page dedicated on the website, and special posts and banners created to thank the Sponsors throughout the year. MSFCA also now shares sponsor information through its social media channels. These new and exclusive exposure opportunities are not offered to companies that purchases advertising, exhibit space or add-on sponsorships a la carte, it is reserved for those companies who invest in MSFCA at one of the Bugle levels.

More Information About Sponsorship

Hierarchical Priority

As tradeshow layouts are drafted for events, advertisements placed in publications and social media posts scheduled, priority is given first to the highest level of sponsor on a first-come, first-served basis.

Website

These home page and specific page images (created by the office, not the company) are placed on www.msfc.org as a way for the association to highlight the generosity of companies who support the MSFCA's mission. These are not advertisements, nor is this type of exposure available for purchase. This is the MSFCA's way of saying 'thank you' to those 1- to 5-Bugle Sponsors. All sponsors names will be listed and linked on dedicated sponsor page. Logos will be included at the 4- and 5-Bugle Levels.

Social Media

Sponsors will have the opportunity to reserve their social media spots on a calendar of availability maintained by the office. Only a limited quantity of each are available. Social media shared by MSFCA for the 2- through 5-Bugle Levels will identify that it is a sponsored message.

Event Related Notes

- Sponsors will be contacted separately about additional items available for purchase for their Annual Conference exhibits. The types of direct passthrough items that are not included in the booth/table space such as electricity; carpet; internet; additional display tables and other booth furniture/equipment.
- If a company is unable to attend the Annual Conference or one of the Fire Officer and Training Officer School events, the monetary amount for the truck/booth/table space can be allocated towards a sponsorship for that specific event, but cannot be exchanged for any other sponsorship program benefits.
- The amount of space available for truck/booth/table space is limited by each venue. If additional space is available, it will be offered first to Sponsorship Program participants.
- Sponsors at the 2- through 5-Bugle levels received varying discounts on the purchase of any additional spaces.
- Lanyards are offered as an add-on sponsorship, but tote-bags will be produced by the MSFCA office in bulk each year.

Publication Advertising

Additional costs apply for items below, they are not included in the Sponsorship Program.

Minnesota Fire Chief Magazine

This full-color, quarterly printed periodical is one of MSFCA's primary communication vehicles among its readership. More than 200 individuals in the organization sign up just to receive this benefit. Along with sharing association news and providing critical educational material to keep Minnesota's fire service leadership up-to-date with the important information needed to administer a modern fire department and to provide effective fire protection for their communities, it's one of the most visible ways for companies to showcase their products and services.

Technical Specifications: Content due as full-color (CMYK), 300dpi, print-ready image file. Preferred file types: .pdf or .jpg. Add 1/8" on all sides for full bleed.

- Q2 Spring Content/Ads - March 1
- Q3 Summer Content/Ads - June 1

MSFCA E-Newsletter

Distributed monthly this electronic message will connect recipients directly to the MSFCA website and while it conveys some important educational information to readers, this more frequent delivery method will be the primary source of event information, award deadlines, and timely association news.

E-NEWSLETTER	SIZE	MEMBER	NON MEMBER

Half Banner	234 wide x 50 tall = pixels	\$250	\$312.50

Submission Deadlines: The first of the month prior to distribution (i.e. February issue content due January 1).

Customized Advertisements

If your 1- to 5-Bugle package doesn't quite fit what you want to do for advertising throughout the year, Sponsorship Program participants may exchange the value of their package among the sizes and quantities of their placements in the Magazine and E-Newsletter however they like and may exchange them between the printed and electronic publications. However, should a sponsor want to increase the size and/or quantity and it results in a higher cost, that sponsorship package can be upgraded for that higher cost.

Add-On Sponsorship Opportunities

Additional costs apply for items below, they are not included in the Sponsorship Levels.

Add-Ons

These Add-On options are not part of the sponsorship packages, they are available for purchase separately, to members, non-members, sponsors and non-sponsors alike. Anyone wanting to contribute to the MSFCA without a long-term or complex commitment can still find great ways to get their company name in front of the attendees and readership through these Add-On opportunities.

Add-On Sponsorship Priority

When applicable, the previous year's sponsor of an item/event is granted a period of time for first-right-of-refusal on the next year's same item/event. Partial sponsorships are available as a reduced cost option for companies willing to share the exposure level with another company.
