

KEY MESSAGES ABOUT MSFCA

- The Minnesota State Fire Chiefs Association (MSFCA) is a member-driven organization that engages fire service leaders with the best training, education and professional development opportunities available.
- MSFCA comprises more than 2,000 fire officers representing nearly 500 departments statewide and is the largest Minnesota organization serving senior fire service leaders.
- MSFCA members get the best and most useful information about issues of concern to firefighters and fire departments statewide.
- MSFCA membership offers valuable training, learning and resource-sharing opportunities fire service leaders can't get anywhere else.
- MSFCA encourages leaders and prospective leaders of all ranks to join, connect with other officers and take advantage of the many benefits of membership.
- MSFCA is committed to developing the next generation of fire service leadership and encourages line officers interested in pursuing future leadership roles to join the organization.
- MSFCA members get a variety of benefits, including a subscription to *Minnesota Fire Chief* magazine, discounted attendance at the MSFCA conferences, technical support as part of the Responder Rehab Program and much more.
- The MSFCA annual conference is the state's premier fire service training, education and networking event, featuring hands-on demonstrations and valuable workshops on a wide variety of public safety, policy, operations, management and practical topics.
- MSFCA members get continuing professional education credits for ongoing training sessions and events throughout the year, as well as workshops at the annual conference.
- MSFCA is governed by association bylaws and administered by an elected board of directors, as well as 14 committees dedicated to ensuring member value and engagement.
- Prospective members can visit www.msfc.org to learn more about membership benefits, register for conferences and workshops, and download a membership enrollment form.
