Creation of Policy and Procedures Manual

The Communication and Policy Committee shall be charged with the creation and maintenance of this Policy and Procedures Manual. This document shall be used as a reference and guide for how the MSFCA conducts its operations. This document is a work in progress and will require changes and updates.

Policy/Procedure Numbering and Index

All policies or procedures shall be assigned a three digit number that correspond to the following general categories:

100 Series	Administration and Governance
200 Series	Financial
300 Series	Personnel and Service Providers
400 Series	Volunteer Responsibilities
500 Series	Annual Conference

The proposal shall be preferably in an electronic format that can be converted to the standard template of the manual.

The Communication and Policy Committee shall place the new policy and/or procedure into the correct format, assign the appropriate number and present to the Board of Directors with a recommendation for or against adoption.

Once acted upon by the MSFCA Board of Directors, and if adopted, the Communication and Policy Committee shall insert the appropriate adoption date, update the manual index, and insert the policy into the manual. It is anticipated that this manual will be an electronic document that will be easily updated and available to the membership.

Policy and Procedure Revisions

Once a policy or procedure is adopted by the Board of Directors, it can be amended, revised or deleted by following a similar procedure for adopting a policy or procedure. No policy or procedure may be amended, revised or deleted without approval of the Board of Directors.

Ongoing Maintenance and Updating of Policy and Procedures Manual

The Communication and Policy Committee will strive to annually review the entire Policy and Procedures Manual and report to the MSFCA Board of Directors each year. This report would include a recommendation for any changes to the manual. The Communication and Policy Committee may additionally make recommendations for changes to the manual at any Board meeting provided all Board members have received notice of what changes will be proposed.

Title: Code of Ethics / Conflict of Interest Policy

Date of Adoption: June 12, 2009 Date of Revision:

Scope:

Minnesota State Fire Chiefs Association (MSFCA) expects the highest possible ethical conduct from its officers and Board members. This Code of Ethics contains the policy guidelines and procedures adopted by the Board of Directors of the Association for its officers relating to legal and ethical standards for conducting Association business. Your full compliance with this Code of Ethics and MSFCA's administrative policies is mandatory. This Code of Ethics supplements your obligations and responsibilities under the Code of Conduct and MSFCA's administrative policies.

This Code of Ethics applies to the Executive Director, the President, the Vice-President and all Board members. It is the obligation of each Board Member to become familiar with the Code of Ethics, to adhere to the standards and restrictions contained in it, to conduct him or herself accordingly and avoid both the fact and the appearance of impropriety.

Applicability

This Code of Ethics applies to the Executive Director, the President, the Vice-President and all Board members. It is the obligation of each Board Member to become familiar with the Code of Ethics, to adhere to the standards and restrictions contained in it, to conduct him or herself accordingly and avoid both the fact and the appearance of impropriety.

Policy Guidelines

1. Accurate Disclosure

The Association is committed to providing full, fair, accurate, timely and understandable disclosure in all periodic reports and documents that the Association files, or submits to, the members of the MSFCA and in other public communications made by the Association. Accordingly, it is essential that you

exercise the highest standard of care in preparing such reports in accordance with the following guidelines:

- Maintain accurate books and records that fully, fairly and accurately reflect the Association's financial information and reporting of transaction.
- Prepare the financial statements and other financial information included in periodic reports in accordance with generally accepted accounting principles and in a manner that fairly presents in all material respects the financial condition, results of operations and cash flows of the Association.
- Maintain disclosure controls and procedures adequate to make all material information relating to the Association known to management, particularly during the periods in which the Association's periodic reports are being prepared.
- Maintain internal controls and procedures for financial reporting sufficient to provide reasonable assurances that the Association's financial statements are fairly presented in conformity with generally accepted accounting principles, and comply with such internal controls and procedures.
- Prohibit the establishment or use of any undisclosed or unrecorded assets, funds or liabilities.
- Disclose material off-balance sheet transactions in compliance with applicable laws and regulations and with generally accepted accounting principles.
- Cooperate fully with the internal auditors and the independent auditors in their work and do not impede their efforts in any way or conceal information from them.

2. Compliance with Law, Rules and Regulations

The Association is committed to conducting its business in accordance with all applicable laws, rules and regulations and in accordance with high standards of business ethics. You are expected to comply, and ensure that the Association complies, with all applicable laws and regulations. Although you may not know the requirements of these laws, you are expected to act reasonably in obtaining advice from the Association's lawyers or outside legal counsel. You also have a responsibility to conduct yourself in an honest and ethical manner. You have leadership responsibilities that include creating a culture of high ethical standards and commitment to compliance, maintaining a work environment that encourages employees to raise concerns, and promptly addressing employee compliance concerns.

If a law conflicts with a policy of this Code of Ethics, you must comply with the law; however, if a local custom or policy conflicts with this Code of Ethics, you must comply with this Code of Ethics. If you have any questions regarding whether a law conflicts with this Code, you should consult with our State Attorney General.

3. Conflicts of Interest

You must avoid any personal activity, investment or association that could interfere or even appear to interfere with your good judgment concerning MSFCA's best interests. You may not exploit your position or relationship with MSFCA for personal gain. You should avoid even the appearance of such a conflict. A conflict of interest occurs when your private interests interfere - - or even appear to interfere - - with the interests of MSFCA. You must conduct the Association's business in an honest and ethical manner, including the handling or avoidance of actual or apparent conflicts of interest between personal and professional relationships. You must never act in a manner that could cause you to lose your independence and objectivity or that could adversely affect the confidence of our customers and suppliers or your fellow members in the integrity of the Association.

Conflicts of interest include, but are not limited to the examples set forth below. Although we cannot list every conceivable conflict, you must disclose any material transaction or relationship that reasonably could be expected to give rise to a conflict of interest to the MSFCA's Board of Directors for proper consideration. If you are not sure whether a transaction or relationship may present a conflict of interest, you should consult with MSFCA's General Counsel.

- ***Improper Personal Benefits*** – Conflicts of interest arise when you or a member of your family receives improper personal benefits as a result of your position with the Association. You may not accept any benefits from the Association that have not been duly authorized and approved by the Finance Committee of the Board of Directors or generally available to all employees. Similarly, you may not accept improper personal benefits from any entity that does or seeks to do business with us.
- ***Financial Interests in Other Businesses*** – Neither you nor your immediate family members may have an ownership interest in any other enterprise if that interest compromises or appears to compromise your loyalty to the Association. For example, you may not own an interest in a business that competes or in which the Association has an investment. Similarly, you should not own an interest in a significant supplier or other companies that do business with the Association where your interest could create even the appearance of a conflict.
- ***Business Arrangements with the Association*** – Without the prior written approval of the Board of Directors, you may not participate in a joint

venture, partnership, investment or other business arrangement with the Association or any of its affiliates.

- **Corporate Opportunities** – You owe a duty to the Association to advance its legitimate interests when the opportunity to do so arises. You are prohibited from (i) taking for yourself personally opportunities that are discovered through the use of Association property, information or position, (ii) using Association property, information or position for improper personal gain and (iii) competing with the Association.
- **Family Members Working in the Industry** – If your spouse or significant other, your children, parents or in-laws, or someone else with whom you have a family relationship is an employee, officer, director or significant stockholder (i.e., owns greater than a 5% equity interest) of a competitor, supplier or customer of the Association, you must disclose the situation to the Board of Directors of MSFCA. Where this is the case, you must be especially careful in guarding against inadvertently disclosing the Association’s confidential information and being involved in decision on behalf of the Association that involve the other Association.

4. Fair Dealing and Confidentiality

You must strive to deal fairly with the Association’s customers, suppliers, competitors and employees and to conduct our business with integrity, honesty and fairness. You must respect and protect any confidential or proprietary information shared with us by customers, suppliers and others. You may not take unfair advantage of others through dishonest, unethical or illegal practices, including manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or false or misleading statements. The Association seeks to conduct business fairly and honestly through superior performance, not through unethical or illegal business practices.

As an Officer or Board member, you have access to non-public information regarding the Association and other entities. You are not permitted to use or share that information for any purpose other than the conduct of our business. As a Board Member, you must maintain the confidentiality of non-public proprietary information entrusted to you by the Association, our customers and others with whom we transact business except when disclosure is authorized or legally mandated. Furthermore, to use non-public information for personal financial benefit or to “tip” others who might make an investment decision on the basis of this information is unethical and illegal. The misuse of confidential information may create substantial civil or even criminal liability for you and the Association. If you have any questions, please consult the General Counsel of the Association.

REPORTING OF VIOLATIONS OF CODE OF ETHICS

If you have questions about this Code of Ethics or are in doubt about the best course of action in a particular situation, you should seek guidance from the Association's General Counsel. If you know of or suspect a violation of applicable laws or regulations or this Code of Ethics, you must immediately report that information to the Association's General Counsel or a member of the Ethics Committee. Failure to report a suspected violation of this Code of Ethics is itself a violation of this Code of Ethics.

It is the policy of the Association not to allow retaliation for reports made in good faith by any employee of violations of this Code or any other illegal or unethical behavior. You are expected to cooperate in any internal investigations of misconduct.

COMPLIANCE WITH CODE OF ETHICS

All reported violations will be promptly investigated as appropriate and treated confidentially to the extent possible. The Association intends to use every reasonable effort to prevent the occurrence of conduct not in compliance with this Code of Ethics and to halt any such conduct that may occur as soon as reasonably possible after its discovery. Board Members who violate this Code of Ethics and/or other Association policies and procedures will be subject to disciplinary actions, up to and including suspension or discharge.

In addition, disciplinary measures, up to and including suspension or discharge, will be taken against any Board Member who directs or approves infractions or has knowledge of them and does not promptly report and correct them in accordance with Association policies.

CHANGES TO OR WAIVERS OF THE CODE OF ETHICS

If you would like to seek a waiver of the Code of Ethics you must make full disclosure of your particular circumstances to MSFCA Board of Directors. The Board of Directors will waive application of the policies set forth in this Code of Ethics only when circumstances warrant granting a waiver, and then only in conjunction with any appropriate monitoring of the particular situation. Only the Board of Directors may change or waive provisions in this Code of Ethics.

Ethics Committee

An Ethics Committee shall be established concurrent with the term of the President and consist of three past Presidents, chosen in chronological order, starting with the previous past president (not the immediate President), as verified by the Agent/Executive Director in serving the Organization in the capacity of an Ethics Committee Member.

Ethics Committee Authority, Process and Duties

Title: Rebuttable Presumption for Compensation Policy

Date of Adoption: June 12, 2009

Date of Revision:

Scope:

In general. Payments under a compensation arrangement are presumed to be reasonable, and a transfer of property, or the right to use property, is presumed to be at fair market value, if the following conditions are satisfied—

- (1) The compensation arrangement or the terms of the property transfer are approved in advance by the Minnesota State Fire Chiefs Association (MSFCA) composed entirely of individuals who do not have a conflict of interest (within the meaning of paragraph (c)(1)(iii) of this section) with respect to the compensation arrangement or property transfer, as described in paragraph (c)(1) of this section;

(b) *Rebutting the presumption.* If the three requirements of paragraph (a) of this section are satisfied, then the Internal Revenue Service may rebut the presumption that arises under paragraph (a) of this section only if it develops sufficient contrary evidence to rebut the probative value of the comparability data relied upon by the MSFCA Executive Committee. With respect to any fixed payment (within the meaning of §53.4958–4(a)(3)(ii)), rebuttal evidence is limited to evidence relating to facts and circumstances existing on the date the parties enter into the contract pursuant to which the payment is made (except in the event of substantial nonperformance). With respect to all other payments (including non-fixed payments subject to a cap, as described in paragraph (d)(2) of this section), rebuttal evidence may include facts and circumstances up to and including the date of payment. (iii) *Absence of conflict of interest.* A member of the MSFCA Executive Committee does not have a conflict of interest with respect to a compensation arrangement or property transfer only if the member—

(A) Is not a disqualified person participating in or economically benefitting from the compensation arrangement or property transfer, and is not a member of the family of any such disqualified person, as described in section 4958(f)(4) or §53.4958–3(b)(1);

(B) Is not in an employment relationship subject to the direction or control of any disqualified person participating in or economically benefitting from the compensation arrangement or property transfer;

(C) Does not receive compensation or other payments subject to approval by any disqualified person participating in or economically benefitting from the compensation arrangement or property transfer;

(D) Has no material financial interest affected by the compensation arrangement or property transfer; and

(E) Does not approve a transaction providing economic benefits to any disqualified person participating in the compensation arrangement or property

transfer, who in turn has approved or will approve a transaction providing economic benefits to the member.

(2) *Appropriate data as to comparability*—(i) *In general.* An MSFCA Executive Committee has appropriate data as to comparability if, given the knowledge and expertise of its members, it has information sufficient to determine whether, under the standards set forth in §53.4958–4(b), the compensation arrangement in its entirety is reasonable or the property transfer is at fair market value. In the case of compensation, relevant information includes, but is not limited to, compensation levels paid by similarly situated organizations, both taxable and tax-exempt, for functionally comparable positions; the availability of similar services in the geographic area of the applicable tax-exempt organization; current compensation surveys compiled by independent firms; and actual written offers from similar institutions competing for the services of the disqualified person. In the case of property, relevant information includes, but is not limited to, current independent appraisals of the value of all property to be transferred; and offers received as part of an open and competitive bidding process.

(ii) *Special rule for compensation paid by small organizations.* For organizations with annual gross receipts (including contributions) of less than \$1 million reviewing compensation arrangements, the MSFCA Executive Committee will be considered to have appropriate data as to comparability if it has data on compensation paid by three comparable organizations in the same or similar communities for similar services. No inference is intended with respect to whether circumstances falling outside this safe harbor will meet the requirement with respect to the collection of appropriate data.

(iii) *Application of special rule for small organizations.* For purposes of determining whether the special rule for small organizations described in paragraph (c)(2)(ii) of this section applies, an organization may calculate its annual gross receipts based on an average of its gross receipts during the three prior taxable years. If any applicable tax-exempt organization is controlled by or controls another entity (as defined in §53.4958–4(a)(2)(ii)(B)), the annual gross receipts of such organizations must be aggregated to determine applicability of the special rule stated in paragraph (c)(2)(ii) of this section.

(3) *Documentation*—(i) For a decision to be documented adequately, the written or electronic records of the MSFCA Executive Committee must note—

(A) The terms of the transaction that was approved and the date it was approved;

(B) The members of the MSFCA Executive Committee who were present during debate on the transaction that was approved and those who voted on it;

(C) The comparability data obtained and relied upon by the MSFCA Executive Committee and how the data was obtained; and

(D) Any actions taken with respect to consideration of the transaction by anyone who is otherwise a member of the MSFCA Executive Committee but who had a conflict of interest with respect to the transaction.

(ii) If the MSFCA Executive Committee determines that reasonable compensation for a specific arrangement or fair market value in a specific property transfer is higher or lower than the range of comparability data obtained, the MSFCA Executive Committee must record the basis for its determination. For a decision to be documented concurrently, records must be prepared before the later of the next meeting of the MSFCA Executive Committee or 60 days after the final action or actions of the MSFCA Executive Committee are taken. Records must be reviewed and approved by the MSFCA Executive Committee as reasonable, accurate and complete within a reasonable time period thereafter.

(d) No presumption with respect to non-fixed payments until amounts are determined—(1) In general. Except as provided in paragraph (d)(2) of this section, in the case of a payment that is not a fixed payment (within the meaning of §53.4958–4(a)(3)(ii)), the rebuttable presumption of this section arises only after the exact amount of the payment is determined, or a fixed formula for calculating the payment is specified, and the three requirements for the presumption under paragraph (a) of this section subsequently are satisfied. See §53.4958–4(b)(2)(i).

(2) Special rule for certain non-fixed payments subject to a cap. If the MSFCA Executive Committee approves an employment contract with a disqualified person that includes a non-fixed payment (such as a discretionary bonus) subject to a specified cap, the MSFCA Executive Committee may establish a rebuttable presumption with respect to the non-fixed payment at the time the employment contract is entered into if—

(i) Prior to approving the contract, the MSFCA Executive Committee obtains appropriate comparability data indicating that a fixed payment of up to a certain amount to the particular disqualified person would represent reasonable compensation;

(ii) The maximum amount payable under the contract (taking into account both fixed and non-fixed payments) does not exceed the amount referred to in paragraph (d)(2)(i) of this section; and

(iii) The other requirements for the rebuttable presumption of reasonableness under paragraph (a) of this section are satisfied.

(e) No inference from absence of presumption. The fact that a transaction between an applicable tax-exempt organization and a disqualified person is not subject to the presumption described in this section neither creates any inference that the transaction is an excess benefit transaction, nor exempts or relieves any

person from compliance with any Federal or state law imposing any obligation, duty, responsibility, or other standard of conduct with respect to the operation or administration of any applicable tax-exempt organization.

(f) *Period of reliance on rebuttable presumption.* Except as provided in paragraph (d) of this section with respect to non-fixed payments, the rebuttable presumption applies to all payments made or transactions completed in accordance with a contract, provided that the provisions of paragraph (a) of this section were met at the time the parties entered into the contract.

Minnesota State Fire Chief's Association – Policy # 203

Title: Investment Policy

Date of Adoption: October 14, 2009 Date of Revision:

SCOPE: The purposes of the following investment guidelines, which are to be reviewed annually by the board of directors of the organization are to establish the investment objectives, policies, guidelines and eligible securities relating to any investments owned or controlled by the organization and any of its subsidiary organizations.

- Identify the criteria against which the investment performance of the organization's investments will be measured.
- Communicate the objectives to the Board, staff, investment managers, brokers, donors and funding sources that may have involvement.
- Serve as a review document to guide the ongoing oversight of the management of the organizations' investments.

GUIDELINES FOR INVESTING:

The investment goal of the total fund is preserve the capital as much as possible and to achieve a total return (income and appreciation) that exceeds inflation, over a full market cycle (3-5 years). The following guidelines apply to the three main investment asset classes:

Money Market Funds: Allowable range: Minimum 0%; Maximum 45% of total assets

A quality money market fund will be utilized for the liquidity needs of the portfolio whose objective is to seek as high a current income as is consistent with liquidity and stability of principal. The fund will invest in "money market" instruments with remaining maturities of one year or less, that have been rated by at least one nationally recognized rating agency in the highest category for short-term debt securities. If non-rated, the securities must be of comparable quality.

Equities: Allowable Range- Minimum 0%; Maximum 30% of total assets

The equity component of the portfolio will consist of high-quality, large capitalization, domestic (U.S.) equity securities traded on either the New York, NASDAQ or American Stock exchanges. The securities must be screened for their above average financial characteristics such as price-to-earnings, return-on-equity, debt-to-capital ratios, etc.

No more than 5% of the equity portion of the account will be invested in any one issuer. As well, not more than 20% of the equity portion of the account will be invested in stocks contained within the same industry.

It is acceptable to invest in an equity mutual fund(s) adhering to the investment characteristics identified above, as long as it is a no-load fund, without 12(b)(1) charges, which maintains an expense ratio consistent with those other funds of similar investment styles as measured by the Lipper and/or Morningstar rating services. Prohibited equity investments include: initial public offerings, restricted securities, private placements, derivatives, options, futures and margined transactions.

EXCEPTIONS TO THE PROHIBITED INVESTMENT POLICY MAY BE MADE ONLY WHEN ASSETS ARE INVESTED IN A MUTUAL FUND(S), THAT PERIODICALLY UTILIZES PROHIBITED STRATEGIES TO MITIGATE RISK AND ENHANCE RETURN.

Fixed Income: Allowable Range- Minimum 0%; Maximum 75% of total assets

Bond investments will consist solely of taxable, fixed income securities that have an investment-grade rating (Baa or higher) that possess a liquid secondary market.

No more than 5% of the fixed income portfolio will be invested in corporate bonds of the same issuer. As well, not more than 20% of the fixed income portfolio will be invested in bonds of issuers in the same industry.

The maximum *average maturity* of the fixed income portfolio will be 10 years, with not more than 25% of the bond portfolio maturing in more than 10 years. Prohibited securities include: private placements, derivatives (other than floating-rate coupon bonds), margined transactions and foreign denominated bonds.

EXCEPTIONS TO THE PROHIBITED INVESTMENT POLICY MAY BE MADE ONLY WHEN ASSETS ARE INVESTED IN A MUTUAL FUND(S), THAT PERIODICALLY UTILIZES PROHIBITED STRATEGIES TO MITIGATE RISK AND ENHANCE RETURN.

III. PERFORMANCE MEASUREMENTS STANDARDS:

The benchmarks to be used in evaluating the performance of the two main asset classes will be:

Equities: *S&P 500 Index*- Goal: meet or exceed the average annual return of the index over a full market cycle (3-5 years)

Fixed Income: *Lehman Brothers Government/Corporate Index*- Goal: meet or exceed the average annual return of the index over a full market cycle (3-5 years).

It will be the responsibility of the Board of Directors Finance Committee to regularly review the performance of the investment account and investment policy guidelines, and report to the Board of Directors at least yearly with updates and recommendations as needed.

Minnesota State Fire Chief's Association – Policy # 204

Title: Travel and Expense Reimbursement Policy

Date of Adoption: June 12, 2009
2016

Date of Revision: October

Scope:

The Board of Directors of the Minnesota Fire Chiefs Association (MSFCA) recognizes that board members, officers, and employees ("Personnel") of MSFCA may be required to travel or incur other expenses from time to time to conduct Association business and to further the mission of this non-profit organization. The purpose of this Policy is to ensure that (a) adequate cost controls are in place, (b) travel and other expenditures are appropriate, and (c) to provide a uniform and consistent approach for the timely reimbursement of authorized expenses incurred by Personnel. It is the policy of the MFSCA to reimburse only reasonable and necessary expenses actually incurred by Personnel. When incurring business expenses, the MSFCA expects Personnel to:

- (a) Exercise discretion and good business judgment with respect to those expenses.
- (b) Be cost conscious and spend the MSFCA 's monies carefully and judiciously.
- (c) Report expenses, supported by required documentation, as they were actually spent.

Expense Report

Expenses will not be reimbursed unless the individual requesting reimbursement submits a written Expense Report. The Expense Report, which shall be submitted at least monthly or within two weeks of the completion of travel if travel expense reimbursement is requested, must include:

- (a) The individual's name
- (b) If reimbursement for travel is requested, the date, origin, destination and purpose of the trip, including a description of each Association-related activity during the trip.

- (c) The name and affiliation of all people for whom expenses are claimed (i.e., people on whom money is spent in order to conduct MSFCA's business).
- (d) An itemized list of all expenses for which reimbursement is requested.

Per Diem

The Association will reimburse meals in incidental expenses on a Per Diem based on the Government Administrative Services (GSA) schedule published at the time the expense incurred for individuals traveling on behalf of the MSFCA that have met all other conditions and requirements of this policy.

Receipts

Receipts are required for all expenditures billed directly to the MSFCA, such as airfare and hotel charges. No expense in excess of \$10.00 will be reimbursed to Personnel unless the individual requesting reimbursement submits with the Expense Report written receipts from each vendor (not a credit card receipt or statement) showing the vendor's name, a description of the services provided (if not otherwise obvious), the date, and the total expenses, including tips (if applicable).

Exception: Those expenses covered by the Per Diem provision.

General Travel & Expense Requirements

A. Advance Approval

All trips involving air travel or at least one overnight stay must be approved in advance by the individual's supervisor; **however**, any out-of-state travel being paid for, in whole or in part by the MFSCA, must be approved by the MFSCA's President or his/her designee.

President Travel shall be pre-approved by the Executive Committee.

B. Necessity of Travel

In determining the reasonableness and necessity of travel expenses, Personnel and the person authorizing the travel shall consider the ways in which the MSFCA will benefit from the travel and weigh those benefits against the anticipated costs of the travel. The same considerations shall be taken into account in deciding whether a particular individual's presence on a trip is necessary. In determining whether the benefits to the MFSCA outweigh the costs, less expensive alternatives, such as participation by telephone, email or video conferencing, or the availability of local programs or training opportunities shall be considered.

C. Personal and Spousal Travel Expenses

Individuals traveling on behalf of the MFSCA may incorporate personal travel or business with their Association-related trips; **however**, Personnel shall not arrange Association travel at a time that is less advantageous to the MFSCA or involving greater expense to the MFSCA in order to accommodate personal travel plans. Any additional expenses incurred as a result of personal travel, including but not limited to extra hotel nights, additional stopovers, meals or transportation, are the sole responsibility of the individual and will not be reimbursed by the MFSCA. Expenses associated with travel of an individual's spouse, family or friends will not be reimbursed by the MFSCA.

D. Air Travel

(1) General

Air travel reservations should be made as far in advance as possible in order to take advantage of reduced fares. The MFSCA will reimburse or pay only the cost of the lowest coach class fare actually available for direct, non-stop flights from the airport nearest the individual's home or office to the airport nearest the destination.

(2) Saturday Stays

Personnel traveling on behalf of the MFSCA are not required to stay over Saturday nights in order to reduce the price of an airline ticket. An individual who chooses to stay over a Saturday night shall be reimbursed for reasonable lodging and meal expenses incurred over the weekend to the extent the expenses incurred do not exceed the difference between the price of the Saturday night stay ticket and the price of the lowest price available ticket that would not include a Saturday night stay. To receive reimbursement for such lodging and meal expenses, the individual must supply, along with the Expense Report, documentation of the amount of the difference between the price of the Saturday stay and non-Saturday stay airline tickets.

(3) Frequent Flyer Miles and Compensation for Denied Boarding

Personnel traveling on behalf of the MFSCA may accept and retain frequent flyer miles and compensation for denied boarding for their personal use. Individuals may not deliberately patronize a single airline to accumulate frequent flyer miles if less expensive comparable tickets are available on another airline.

E. Lodging

Personnel traveling on behalf of the MFSCA may be reimbursed at the single room rate for the reasonable cost of hotel accommodations. Convenience, the cost of staying in the city in which the hotel is located, and proximity to other venues on the individual's itinerary shall be considered in determining reasonableness. Personnel shall make use of available corporate and discount rates for hotels. "Deluxe" or "luxury" hotel rates will not be reimbursed.

F. Out-Of-Town Meals

Personnel traveling on behalf of MFSCA are reimbursed for the reasonable and actual cost of meals (including tips) subject to a maximum per diem meal allowance of \$38 per day and the terms and conditions established by MFSCA relating to the per diem meal allowance.

G. Ground Transportation:

Employees are expected to use the most economical ground transportation appropriate under the circumstances and should generally use the following, in this order of desirability:

Official Vehicle Travel

Many jurisdictions allow use of official vehicles for related association activities. Where applicable this is the preferred method of transportation where the MFSCA is expected to reimburse for ground transportation costs. In the case where the local jurisdiction requires reimbursement for use of the official vehicle then that reimbursement cost must be factored in when weighing the various transportation options.

Courtesy Cars

Many hotels have courtesy cars, which will take you to and from the airport at no charge. The hotel will generally have a well-marked courtesy phone at the airport if this service is available. Employees should take advantage of this free service whenever possible.

Airport Shuttle or Bus

Airport shuttles or buses generally travel to and from all major hotels for a small fee. At major airports such services are as quick as a taxi and considerably less expensive. Airport shuttle or bus services are generally located near the airport's baggage claim area.

Taxis

When courtesy cars and airport shuttles are not available, a taxi is often the next most economical and convenient form of transportation when the trip is for a limited time and minimal mileage is involved. A taxi may also be the most economical mode of transportation between an individual's home and the airport.

Rental Cars

Car rentals are expensive so other forms of transportation should be considered when practical. Employees will be allowed to rent a car while out of town provided that advance approval has been given by the individual's supervisor and that the cost is less than alternative methods of transportation.

H. Personal Cars

Personnel are compensated for use of their personal cars when used for **pre-approved** Association business. When individuals use their personal car for such travel, including travel to and from approved meetings, mileage will be allowed at the currently approved IRS rate per mile. In the case of individuals using their personal cars to take a trip that would normally be made by air, e.g., Minneapolis to Milwaukee, mileage will be allowed at the currently approved rate; however, the total mileage reimbursement will not exceed the sum of the lowest available round trip coach airfare. Approval for reimbursement will come from the Association President or his/her designee.

I. Parking/Tolls

Parking and toll expenses, including charges for hotel parking, incurred by Personnel traveling on Association business will be reimbursed. The costs of parking tickets, fines, car washes, valet service, etc., are the responsibility of the employee and will not be reimbursed. On-airport parking is permitted for short business trips. For extended trips, Personnel should use off-airport facilities.

J. Entertainment and Business Meetings.

Reasonable expenses incurred for business meetings or other types of business-related entertainment will be reimbursed only if the expenditures are approved in advance by the president of the MFSCA and qualify as tax deductible expenses. Detailed documentation for any such expense must be provided, including:

- (1) Date and place of entertainment.
- (2) Nature of expense.
- (3) Names, titles and corporate affiliation of those entertained.

- (4) Complete description of the business purpose for the activity including the specific business matter discussed.
- (5) Vendor receipts (not credit card receipts or statements) showing the vendor's name, a description of the services provided, the date, and the total expenses, including tips (if applicable).

K. Non-Reimbursable Expenditures.

The MFSCA maintains a strict policy that expenses in any category that could be perceived as lavish or excessive will not be reimbursed, as such expenses are inappropriate for reimbursement by a nonprofit, charitable organization. Expenses that are not reimbursable* include, but are not limited to:

- (1) Travel insurance.
- (2) First class tickets or upgrades.
- (3) When lodging accommodations have been arranged by the MFSCA and the individual elects to stay elsewhere, reimbursement is made at the amount no higher than the rate negotiated by the MFSCA. Reimbursement shall not be made for transportation between the alternate lodging and the meeting site.
- (4) Limousine travel.
- (5) Movies, liquor or bar costs.
- (6) Membership dues at any country club, private club, athletic club, golf club, tennis club or similar recreational organization.
- (7) Participation in or attendance at golf, tennis or sporting events, without the advance approval of the chairman of the board or his designee.
- (8) Purchase of golf clubs or any other sporting equipment.
- (9) Spa or exercise charges.
- (10) Clothing purchases.
- (11) Business conferences and entertainment which are not approved by the president of the MFSCA.
- (12) Valet service.
- (13) Car washes.
- (14) Toiletry articles.
- (15) Expenses for spouses, friends or relatives. If a spouse, friend or relative accompanies Personnel on a trip, it is the responsibility of the Personnel to determine any added cost for double occupancy and related expenses and to make the appropriate adjustment in the reimbursement request.
- (16) Overnight retreats without the prior approval of the President or his/her designee.

Minnesota State Fire Chief's Association – Policy # 205

Title: Procedures for Review and Approval of Partnerships, Sponsorships, and Endorsements

Date of Adoption: January 26, 2013 Date of Revision:

Scope: The purpose of this policy is to define the process that will be used to review and ultimately approve or disapprove of potential partnerships, sponsorships, and endorsements by and for the MSFCA.

Definitions:

Partnerships: For purposes of this policy, a partnership shall be defined as a relationship between the MSFCA and another entity that provides a mutual benefit for both the partner entity and the MSFCA membership. An example would be the existing partnership with Fire Rescue GPO.

Sponsorships: For purposes of this policy, a sponsorship shall be defined as a relationship with a business, organization, or individual that provides a direct payment for or towards an MSFCA expense in exchange for recognition as a sponsor of a particular item. An example would be an agreement to contribute to the expense of the MSFCA Annual Awards Banquet and being recognized for this contribution at the banquet.

Endorsements: For purposes of this policy, an endorsement would be defined as a recommendation by the MSFCA for a specific product or service. The endorsement may or may not involve any monetary or other consideration. An example would be a past endorsement made by the MSFCA for Minnesota Fire Pension Consultants.

Procedure:

When potential partnerships, sponsorships, or endorsements are brought forward they shall be referred to the Executive Committee for an initial review. This review should include the following criteria:

1. Reputation, mission, history, and the principal officers of any organization, business or individual requesting to affiliate with the MSFCA.
2. Nature of relationship being proposed.
3. Benefit for the MSFCA in the proposed relationship.
4. Determine the category of the proposal (Partnership, Sponsorship, or Endorsement)
5. An evaluation of the financial stability of the proposed entity to meet any financial commitments that might be made.

The Executive Committee shall act as the first level of screening for all potential relationships with the MSFCA and determine if the proposed relationship merits further consideration.

If a proposed relationship is deemed to be worthy of further consideration, the Executive Committee may take any or all of the following actions:

1. Refer to an MSFCA Committee(s) for review and input.
2. Request changes or additions to the initial proposal.
3. Recommend the proposal to the Board of Directors.

All proposals that have completed the review process by the Executive Committee shall be forwarded to the Board of Directors with a recommendation for approval or denial. The Board of Directors shall review and discuss the proposals and either approve or deny.

Additional:

It is the intent of the MSFCA to be open to mutually beneficial relationships with other organizations and individuals. The goal should be to further the mission of the MSFCA.

In all cases, the Executive Committee and the Board of Directors shall always consider the integrity, reputation, and professionalism of the MSFCA when evaluating any relationships.

Title: Legal and Advocacy Fund

Date of Adoption: October 21, 2015

Date of Revision:

Scope: The purpose of this policy is to outline the parameters of the Legal and Advocacy Fund specific to the generation of revenue and expenditures from the fund.

Background:

The MSFCA has had a long and very successful record in advocating for our members in political, agency, and judicial environments. Over the years the Association has engaged advocates and legal counsel to increase funding for training, fire pensions, State Fire Marshal's Office as well as state Response Teams, and firefighter recruitment and retention issues.

Agency related issues include non-profit status with the IRS for Fire Relief Associations and the adoption of the Residential Building Code which contains automatic sprinkler requirements for single family residences.

Judicial related issues include District Court decisions on definition of volunteer service for pension coverage.

Revenue Sources:

Minnesota State Statute 424A.05 Subd.3 (5) provides that the Special Fund of a volunteer fire relief association may pay "dues or assessments" to the Minnesota Fire Chiefs Association. There is no restriction on General Fund monies being used, thus, either fund is permitted to pay a "dues or assessment".

Other revenue sources include partner donations.

Expenditures:

Revenue received for this fund must be authorized for use by a majority of the Board and only may be used for the following:

1. Legal fees related to specific research on volunteer firefighter issues such as workers compensation benefits for volunteer firefighters or IRS 990 compliance.

2. Governmental relations efforts for fire service issues such as volunteer pensions, recruitment and retention, health care coverage, etc.
3. Marketing campaign specific to volunteer recruitment and retention issues.

- Tony Richardson Photo Award

The Tony Richardson Photo Award is for the photo of the year that was used on the cover of the MN Fire Chief magazine. It goes to the photographer who captured an event that is indicative of our progressive fire service.

(Tony Richardson was the Editor of the MN Fire Chief magazine for a period of time in the 1970's and the 1980's. Tony provided valuable leadership, advice and editorial opinions to MSFCA members. Tony was the Director of the Fire Center at the University of MN before it became a part of MNSCU.)

Nominees will be selected by the Executive Director of the MSFCA Fire Chiefs. The entries should be submitted by July 31st of each year to the Awards Selection Committee.

ADDITIONAL AWARDS

Leadership Award(s)

Leadership awards are presented at the discretion of the MSFCA President. This prestigious award is awarded to a person who has gone the extra mile to support the fire service. Recipients do not have to be a member of the fire service. These are individuals or groups that have made major contributions to the success of the fire service and fire service projects. There are many support groups that have contributed to the success of the MSFCA and the promotion of the Fire Service.

The MSFCA President shall submit their request(s) to the committee by July 31st of each year. The Marketing Committee will arrange for the recipient(s) to be at the conference.

Legislative Award

The projects of the Minnesota Fire Service need the support of our legislators. Financial projects, pension programs, fire codes, training programs, regional projects, and many other issues for and about the fire service are Government driven. Without the support of our local legislators and State officials we would not be able to function with the support we enjoy for our projects. Over the years our legislators have taken on the battles of public safety and provided us with the tools we need to most efficiently serve the citizens of Minnesota.

The Legislative Committee shall submit nominations for a legislative award to the Awards Selection Committee by July 31st each year. This award is not required to be given out annually.

The Chair of the Legislative Committee shall be responsible for coordinating the recipient's availability at the annual conference awards banquet.

Friend of the MSFCA Award

On occasion, individuals or groups step forward and provide some level of service to our organization that helps promote our mission, vision, and values. The *Friend of the MSFCA Award* is a formal way to recognize those individuals and groups.

Nominations for this award can be made by any member of the Executive Board and should be submitted on the standard nomination form attached to this policy. Nominations are due by July 31st each year to the Awards Selection Committee.

MSFCA Membership Recognition

All members of the MFSCA are eligible for recognition based on the years of membership and levels of service to the organization. Recipients shall be identified by the Executive Director in conjunction with the Marketing/Member Services Committee Chair(s).

Years of Service pins shall be given for every five (5) years of membership in the MFSCA.

Minnesota Fire Officer of the Year Nomination Information and Process

Up to two awards can be presented each year; one for a Fire Officer serving a small city or township (10,000 population or less), and one additional award open to officers representing large cities.

Individuals who are eligible for nomination and selection as Fire Officer of the Year are limited to active officers of departments. Qualified individuals include; Chief, Assistant Chief, Captain, Lieutenant, Training Officer, Fire Marshal, etc.

Selection criteria will emphasize leadership, pride in their organization and its people, innovation, professional development, integrity, service to the public and community and contributions to the fire service as a whole. We know that many of our officers are worthy of these awards

All a nominee's fire service activities and accomplishments will be considered, but, because this is the Fire Officer of the Year award, special emphasis will be placed on the last five-year period. A nominee's command role at a major emergency incident, while relevant, will not be enough to place that individual into contention for the award.

Nomination Process

Nominations may be only submitted through MSFCA Executive Director. The nominator is responsible for notifying their candidate and ensuring that he/she is willing to participate in our final selection process and make sure they attend the awards banquet.

Nomination Format

Any violations of this will subject the nominee to disqualification.

The Selection Process

The nomination packages will be reviewed by the Awards Selection Committee to select the winners. MSFCA reserves the right to omit an award. Winners will be announced, and presentations made at the annual meeting of the MSFCA, and photos published in the *Minnesota Fire Chief Magazine*.
